My Mini Fact File: Using the information from the story, write your own mini fact file/presentation about camping. You can include other information that you already know about this as well. You can do this a number of different ways (ask someone if you are unsure). You may even want to do it like a mini booklet, where you cut the mini booklet out in the shape of something related to the theme, (such as in the shape of a tent). Your booklet may even have more pictures/ illustrations than sentences if you really like drawing.
