My Activity Idea: Using the information from the story, write your own mini fact file/presentation about 'how to take care of hens'. You can include other information that you already know about how to take care of hens as well, (you could even ask others for some of their ideas). You could do this as a poster, a mini story book, a mini fact file or even as a model (ask your teacher how you would like to do this). Most of all, make it interesting and informative which shows us some of the ways that people can do to take care of hens.
