# Who Am I NZ? Task Card Guide Sheet

These task cards can be used at various levels and in different ways. However, they were initially written in addition to the first set "Who Am I? - A-T", which was written for the younger children. This set is written for the middle/upper areas of the school as well as for the more able younger children, although feel free to use at any level and in any way that suits you and your class.

Most of the images in this set have been used based on well known New Zealanders. I have attempted to use ones that differ to those general ones I have seen previously, although some have also been included.

Some possibilities of using this set are:

- Oral discussions to answer the questions/ discuss the images
- Presentation to the class
- Homework tasks/exercises
- Using them as a task where children match up/find answers from other children (like a survey)
- Picture only quiz - a bit like 'Snap' as a group/class oral activity
- Knowledge quiz. This is where a quiz could be given by the teacher based on information the children have gained from an in-depth investigation/study
- A group works on a particular card together, then swaps with others
- Children act out to others, the people they are given on the cards
- The images are cut out to make a mobile, cartoon study poster, cartoon mask etc
- Children find other images related to the images on the cards (draw, magazines, picture books etc)
- Children are given a task of making up their own task cards based on other well known New Zealanders they know of but which are not included in these task cards.
